Hi all –

Thanks for your work on this: **Ex. 5 Deliberative Process (DP)**

in the concerns I raised in the comment bubbles.

Here is the OIG piece -

Recommendation #10 Text from OIG report "Further Efforts Needed to Uphold Scientific Integrity at EPA " Report No. 20-P-0173

"Include in the Scientific Integrity Program's annual reporting on allegations of scientific integrity violations (as applicable and to the extent that privacy allows): (a) adjudication outcome; (b) description of the process used to reach the adjudication outcome; (c) description of corrective actions and/or any longer-term changes or consequences to address the cause of substantiated violations; (d) whether and how the allegation was resolved through the advice/assistance process."

What else is needed?

Francesca
